

ACKNOWLEDGMENT

The support I received from my advisor Professor. S. Nakkiran was invaluable. I am grateful to him for his understanding and intellectual guidance in the course of study.

My special thanks to Mr. Elis karesten, Team Leader and Management Advisor, and Ato Mulatu Ferede, Programme Coordinator of Rural Water Supply and Environmental Programme (RWSEP) for giving me important supports.

I extend my thanks to Academic staffs of Indira Gandhi National Open University (IGNOU) and St. Mery's University College Addis Ababa. I am also grateful to Ato Yohannes Melaku and Ato Muluneh Genetu, Regional Advisors of RWSEP, and Farta Woreda Water Resources Development Office staffs for availing me data for my study. .

Last but not least, I am greatly indebted to my wife, W/ro Zewditu Hiruy who has been my source of strength and inspiration. She deserves my at most gratitude for her understanding in enduring the very difficult task of parenthood during my busy time of studying.

ABBREVIATIONS

ACSI	Amhara Credit and Saving Institution
ADF	Asian Development Fund
ANRS	Amhara National Regional State
BoFED	Bureau of Finance and Economic Development
BoH	Bureau of Health
CARE	Cooperative for Assistance and Relief Everywhere
CBO	Community Based Organization
CDF	Community Development Fund
CLTS	Community Lead Total Sanitation
DRA	Demand Responsive Approach
ESRDF	Ethiopian Social Rehabilitation and Development Fund
FEPO	Finance Economy Plan Office
GAD	Gender and Development
GoE	Government of Ethiopia
GoF	Government of Finland
GPS	Geographic Positioning System
HDW	Hand Dug Well
HH	House Hold
IGNOU	Indira Gandhi National Open University
MoWRD	Ministry of Water Resources Development
NGO	Non Governmental Organization

O&M	Operation and Maintenance Management
O&MM	Operation and Maintenance Management
ODF	Open Defecation Free
ORDA	Organization for Rehabilitation and Development in Amhara
PFO	Programme Facilitation Office
PMC	Programme Management Committee
RCC	Regional Coordinate Committee
RWS	Rural Water Supply
RWSEP	Rural Water Supply and Environmental Programme
RWSS	Rural Water Supply Services
SARDP	Sida Amhara Rural Development Programme
SPD	Spring Development
SPSS	Statistical Package for Social science Studies
UN	United Nation
UNCED	United Nation Conference on Environment and Development
VLOP	Village Level Operation and Maintenance
WAO	Women Affairs Office
WASH	Water supply Sanitation and Hygiene
WATSANCO	Water Supply and Sanitation Committee
WCC	Woreda Coordinating Committee
WEDC	Water Engineering Development Centre
WHO	Woreda Health Office
WHO	World Health Organization

WID	Women in Development
WP	Water point
WRDB	Water Resources Development Bureau
WRDO	Water Resources Development Office
WRMP	Water Resources Management Policy
WSB	Water Service Board
WSP	Water and Sanitation Programme
WSSCC	Water Supply and Sanitation Collaborative council

TABLE OF CONTENTS

	Page
Acknowledgement	i
Abbreviations.....	ii
Table of Contents.....	v
List of Tables.....	vii
CHAPTER ONE: INTRODUCTION.....	1
1.1. Back ground.....	1
1.2. Statement of the problem.....	4
1.3. Objectives of the study.....	5
1.3.1 General objective.....	6
1.3.2 Specific objective.....	5
1.4. Significance of the study.....	6
1.5. Expected Output and Beneficiaries.....	7
1.6. Hypothesis.....	8
1.7. Geographic coverage.....	9
CHAPTER TWO: LITERATURE REVIEW.....	10
2.1. Rural water supply, Sanitation, Hygiene and Health.....	10
2.2. Community management of rural water supply and sanitation.....	15
2.3. Gender and Rural water supply and Sanitation.....	20
2.4. Private sector and Rural water supply and Sanitation.....	24
2.5. Operation and Maintenance of Rural water supply schemes.....	28
2.5.1. Willingness and Ability to pay for improved water.....	28
2.5.2. Rural water supply sources and technology options.....	33
CHAPTER THREE: METHOD OF THE STUDY.....	48
3.1. Description of the study area.....	48
3.2. Sampling technique and sample size determination.....	49
3.3. Data type and Statistical tools used.....	51

CHAPTER FOUR: RESULTS AND DISCUSSION.....	53
4.1. Discussion.....	53
4.2. Hypothesis testing.....	74
CHAPTER FIVE: CONCLUSIONS AND RECOMMENDATIONS.....	81
REFERENCES.....	87
APPENDIX- 1: Questionnaire format to collect data on rural water supply coverage and O&M issues from woredas (districts).....	89
APPENDIX- 2: Data collection format from woredas (districts) on water points constructed in each year.....	91
APPENDIX- 3: Site level field assessment, scheme inventory, data collection format on O&M statuses of water points.....	92
APPENDIX- 4: Glossary, definition of terms and concepts.....	93

LIST OF TABLES

	Page
Table 1: The name of woredas (districts) and number of water points sample frame.....	51
Table 2: Financial operational responsibilities at Regional, Woreda, and Community level.....	53
Table 3: Budget Utilization pattern of RWSEP.....	62
Table 4: RWSEP woredas rural water points functionality rate and O&MM fund status	63
Table 5: Functionality status of 312 water points implemented within four years (2004/5-2007/8) both by CDF and not CDF approach.....	65
Table 6: Two year's average number of water points constructed before and after the start of CDF approach in 11 woredas.....	66
Table 7: RWSEP woredas rural water points number and RWSEP Woredas rural water supply coverage.....	68
Table 8: One- Sample Statistices-functionality rate.....	74
Table 9: One- Sample Test-functionality rate.....	74
Table 10: Case processing summary- functionality rate.....	76
Table 11: Implementation approach –CDF or not CDF versus functionality Status on the date of the study-functional or not functional Cross tabulation.....	76
Table 12: Chi- square Test- functionality rate.....	76
Table 13: Paired sample statistics-Implementation rate.....	78
Table 14: Paired Sample correlations- Implementation rate.....	78
Table 15: Paired sample Test- Implementation rate.....	78
Table 16: One sample statistics- rural water supply coverage.....	80
Table 17: One sample Test- rural water supply coverage.....	80
